## 3. ASSURANCE PRACTITIONER RESPONSIBILITIES

Our responsibility is to carry out a reasonable assurance engagement in order to express a conclusion based on the Refiner’s activities described within the Refiner’s Compliance Report. Within the scope of our engagement, we did not perform an audit on external sources of information or expert opinions, referred to in the Refiner’s Compliance Report. Our assignment is limited to the historical information that is presented and does not cover future-oriented information.

The procedures performed depend on our judgment as assurance practitioners, including the assessment of the risks of material misstatement in the Refiner’s Compliance Report, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the preparation of the Refiner’s Compliance Report in order to design procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Refiner.

We conducted our assurance engagement in accordance with International Standard on Assurance Engagements *ISAE 3000 Assurance Engagements other than Audits or Reviews of Historical*

This report has been prepared for the Refiner for the purpose of assisting the Compliance Officer in assessing the suitability of the assurance criteria, and hence the Refiner’s supply chain policy and management systems and for no other purpose. Our assurance report is made solely to the Refiner in accordance with the terms of our engagement. We do not accept or assume responsibility to anyone other than the Refiner for our work, or for the conclusions we have reached in the assurance report.

#### **4. INHERENT LIMITATIONS**

Non-financial information, such as that included in the Refiner’s Compliance Report, is subject to more inherent limitations than financial information, given the more qualitative characteristics of the subject matter and the methods used for determining such information. The methods used by Refiners to comply with *the Guidance* may differ. It is important to read the Refiner’s silver supply chain policy available on their website [<https://www.teck.com/media/Teck-Responsible-Mineral-Sourcing-Policy.pdf>]. Such information and methods do not fall within the scope of *the Audit Guidance*, and we have not undertaken any assessment in this regard.
