Teck Reports Voting Results from Special Meeting of Shareholders

Merger of Equals with Anglo American plc approved by both classes of Teck shareholders

Vancouver, B.C. – Teck Resources Limited (TSX: TECK.A and TECK.B, NYSE: TECK) (“Teck”) announced today the voting results from its Special Meeting of Shareholders held on Tuesday, December 9, 2025 (the “Meeting”). Teck shareholders overwhelmingly voted to approve the special resolution (the “Arrangement Resolution”) approving the plan of arrangement under the *Canadian Business Corporations Act*, involving, among other things, the “merger of equals” of Anglo American plc (“Anglo American”) and Teck (the “Merger”). 99.7% of the votes cast by Class A common shareholders at the Meeting were in favour of the Arrangement Resolution and 89.7% of votes cast by Class B subordinate voting shareholders were in favour of the Arrangement Resolution.

“This resoundingly positive vote marks an important milestone in creating Anglo Teck—a global leader in critical minerals headquartered in Canada,” said Jonathan Price, President and CEO, Teck. “Anglo Teck will be positioned to deliver long-term value through a world-class copper growth portfolio, operational and functional synergies, and a stronger platform to meet growing demand for critical minerals essential to global economic growth and the energy transition. We look forward to advancing the necessary regulatory approvals and completing the merger for the benefit of our shareholders, employees, communities, and partners.”

The Arrangement Resolution required the approval of at least (a) two-thirds of the votes cast by Class A common shareholders present or represented by proxy at the Meeting, voting separately as a class; and (b) two-thirds of the votes cast by Class B subordinate voting shareholders present or represented by proxy at the Meeting, voting separately as a class. A total of 6,329,767 Class A common shares, representing 83.3% of the votes attached to all outstanding Class A common shares, and 380,842,347 Class B subordinate voting shares, representing 79.4% of the votes attached to all outstanding shares, were voted at the Meeting. Detailed voting results for the Meeting will be available under Teck’s profiles on SEDAR+ (www.sedarplus.ca) and EDGAR (www.sec.gov).

As announced earlier today by Anglo American, at the General Meeting of Anglo American held earlier on December 9, 2025, shareholders of Anglo American overwhelmingly approved (i) the allotment and issue of new ordinary shares of Anglo American to Teck shareholders in connection with the Merger; and (ii) the change of the name of Anglo American to “Anglo Teck plc” with effect from the completion of the Merger.

The Merger remains subject to customary closing conditions, including approval under the *Investment Canada Act* and applicable competition and regulatory approvals in various jurisdictions globally and final approval by the Supreme Court of British Columbia. Further information about the Merger can be found in

Teck's management information circular dated November 3, 2025 (the "Circular") for the Meeting, which is available under Teck's profile on SEDAR+ and on EDGAR. As disclosed in the Circular, prior to the deadline for eligible Canadian Teck shareholders to make an election to receive the exchangeable share consideration under the Merger, Teck will provide to registered Teck shareholders a letter of transmittal and election form (the "Letter of Transmittal and Election Form"). The Letter of Transmittal and Election Form will explain how to exchange Teck shares for the consideration under the Merger and, for eligible Canadian Teck shareholders, how to elect to receive the exchangeable share consideration under the Merger. Teck will issue a news release announcing once the Letter of Transmittal and Election Form has been made available and providing details on the relevant exchange and election procedures.
