Dear Minister Joly,

Re: Merger of Teck Resources and Anglo American

On behalf of the Council of the City of Rossland, British Columbia, I am writing to express our strong support for the proposed merger between Teck Resources and Anglo American, forming the new entity Anglo Teck.

Rossland is a neighbouring community to Trail, BC, home to Teck Trail Operations, where many of our residents are directly employed. Teck's presence has long been a cornerstone of our local economy, and its continued success is vital to the economic resilience of our region.

The expansion of Teck's industrial influence in Canada and Worldwide with this merger under Anglo Teck will help ensure the continued financial security of our citizens and our community.

Anglo Teck's dedication to environmental stewardship, Indigenous partnerships, and community engagement aligns with the values we uphold in Rossland. We believe this merger will strengthen Canada's strategic position in critical minerals, support sustainable development, and enhance economic security for our citizens.

We respectfully urge the Government of Canada to support this merger and recognize the significant national and regional benefits it represents.

Sincerely,

Andy Morel
Mayor, City of Rossland
