

Wello is the future of personalized healthcare.

A MEDICAL SERVICE DESIGNED FOR EMPLOYEE URGENT CARE AND LONG TERM WELLNESS NEEDS.

Wello is for busy employees and their families who want **convenient 24/7 virtual access to healthcare** for all their health concerns.

No concern is too small or too big -- whether it's for specific health issues and urgent care matters, or to help keep them well by supporting employees in the pursuit of greater wellbeing.

Whether it's health advice, a prescription refill or urgent care support 24/7, Wello can help.

Wello saves time and travel to medical appointments providing instant access and navigation of medical care, reducing personal and family stress during the healthcare experience.
